

# US 12 project update

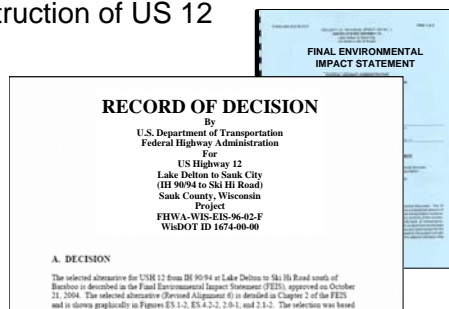

I-90/94 to Ski Hi Road - Sauk County

Spring 2005

## Final Environmental Impact Statement approved

WisDOT issued a Final Environmental Impact Statement (FEIS) for the US 12 corridor in Sauk County in fall 2004. Based on this FEIS, a Record of Decision (ROD) was issued on February 10, 2005. This milestone marks the end of the environmental study phase and provides the go-ahead for WisDOT to begin the design and construction of US 12 improvements in Sauk County.

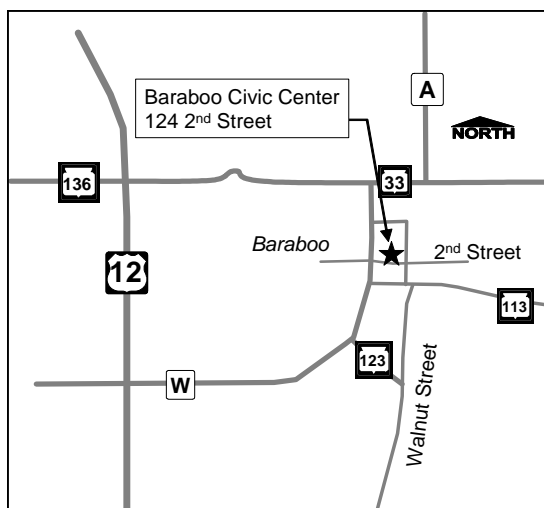

Design efforts are expected to begin in June 2005.

## Public information meeting April 26, 6 to 9 p.m. Baraboo Civic Center

You are invited to a public information meeting scheduled for April 26 in the Baraboo Civic Center, 124 2nd Street, Baraboo, Wisconsin. The meeting will be an open house from 6 to 9 p.m., with a half-hour formal presentation at 7 p.m. Topics that will be presented at the meeting include:

- Preferred alternative description
- Existing US 12 roadway
- Design process and schedule

Southwest Region  
Madison Transportation office

Issue No. 12

### In this issue

- Final Environmental Impact Statement approved
- Description of proposed US 12 improvements
- Public information meeting scheduled for April 26, 2005

### Contact information

#### US 12 design

James Buschkopf, P.E.  
WisDOT Project Manager

(608) 251-4843

### Mission statement:

*To provide leadership in the development and operation of a safe and efficient transportation system.*

Public information meeting April 26, Baraboo Civic Center

## Project description

The project will construct a relocated freeway facility from 1/2 to 1 mile west of the existing US 12 roadway. The first portion of this improvement will be constructed from Interstate 90/94 down to the existing four-lane roadway at Terrytown Road. Construction of this portion is scheduled for 2009 to 2011. The second section of the improvement will construct a relocated freeway facility from Terrytown Road south to Ski Hi Road. This portion will not be constructed until 2015 or later, but the right of way needed for this roadway section will be purchased between 2008 and 2010.

### First section 2009-2011

Constructs a two- or four-lane relocated freeway with access only at interchanges.

Also makes safety improvements to existing roadway.

**NORTH**

### Second section 2015 or later

- Constructs a four-lane bypass freeway of West Baraboo south to Point of Rocks.
- Expands the two-lane freeway constructed in first section to a four-lane freeway
- Expands existing roadway to four lanes from Point of Rocks south to Ski Hi Road.
